Snow + Seafood + Craft Sake + Sea of Japan  
= Insanely Good Time

★Ski Area Info★ Charmant Hiuchi Ski Area

This ski area is best known for its extreme powder snow. So much snow falls here that it is still skiable even in May! Over 70 percent of the slopes are left unmanicured so you can enjoy an awesome powder experience! Located near the famous seaside resort of Nou, the ski area's Center House features fresh seafood straight from the fishing boats to your table!
